

Mr. Paul D. Peters **Deputy Assistant Secretary** **of Defense for Supply Chain Integration**

Paul Peters is the Deputy Assistant Secretary of Defense for Supply Chain Integration within the Office of the Assistant Secretary of Defense for Logistics and Materiel Readiness. He is responsible for advancing the integration of the DoD supply chain through policy development and facilitating DoD Component implementation of supply chain management practices; coordinating the Services, Agency, and Combatant Commander's logistics strategies to provide a unified approach to support the Department's logistics missions, goals and objectives; examining logistics management concepts and assessing their applicability to the DoD; and strengthening the professional development of logisticians. He assumed his current position in January 2010.

Mr. Peters previously served in key positions with the Defense Logistics Agency as the Deputy Director for Logistics Operations and Readiness, Deputy Commander of the Defense Distribution Command, Director of the Defense Reutilization and Marketing Service, and Business System Modernization Program Manager. In these positions, he was responsible for overseeing and providing a full range of forward and reverse logistics services to combatant commands, military services, and other federal and state agencies around the world. Under his leadership, the reengineering of Defense disposal processes to address national security risks and vulnerabilities was accomplished; the assessment and improvements in the inventory management and process controls for nuclear weapons related materiel were established; and the acquisition, development and implementation of DLA's primary business transformation program utilizing Enterprise Resources Planning commercial-off-the-shelf software were successfully completed.

Mr. Peters' federal service includes assignments with the Navy and Air Force. His Navy assignments include service as deputy program manager for the NAVSUP One Touch Support Program; a limited term appointment as Executive Director of DASN (CP&EEO) Human Resources Operations Center where he led the reengineering of the human capital business model; director of SUP21 Reengineering Office leading the SMART Enterprise Resources Planning program through software selection at Mechanicsburg, Pennsylvania; and Executive Director of the NAVSUP Fleet Industrial Supply Center, Norfolk, Va.

His Air Force assignments include service as an audit manager with the Air Force Audit Agency; HQ AFLC Logistics Modernization Systems program analyst; HQ Air Force Materiel Command Depot Maintenance Management Information System Office chief; Programmed Depot Maintenance Scheduling System program manager ; Joint Logistics Systems Center Directorate of Maintenance Business Office chief and leader of JLSC Commander's Action Group. He also represented the deputy undersecretary of defense for logistics in the Joint Chiefs of Staff for Logistics office.

Prior to entering Federal Service, Mr. Peters was a corporate auditor and tax accountant with Arthur Andersen & Company. He graduated from Wright State University with a Bachelor's Degree in Accountancy, passed the Certified Public Accountancy exam, and is Level III and Level II certified in program management and communications-computer systems, respectively. He has completed the Federal Executive Institute residential "Leadership for a Democratic Society" Executive Development Program. He has also received the DLA Exceptional, Meritorious, and Superior Civilian Service Awards, and twice received the Navy Meritorious Civilian Service and Air Force Exemplary Civilian Service Awards. He has been recognized twice as a Top 100 Federal Executive (1993 and 2005) and is the recipient of the 2004 DLA Top Ten Employee Award. He was selected for membership in the Senior Executive Service in 2006.
