

**Wendy Laing**

Extension Specialist, Safety  
Room 2816, Research IV Bldg.  
Campus Box 7902  
Raleigh, NC 27695-7902

**Email:** [wendy\\_laing@ncsu.edu](mailto:wendy_laing@ncsu.edu)

**Capabilities:**

OSHA compliance, ISO 14001, process safety management, risk management plan, toxic release inventory reporting, safety and health training and education, safety and health management systems, Carolina Star.

**Bio:**

Wendy Laing, CSP, is an environmental, health, and safety extension specialist.

Wendy provides safety and environmental assistance to employers in North Carolina, but goes beyond regulatory compliance to encourage employers to implement effective management systems. Wendy develops and presents safety and environmental continuing education courses, and directs the Southeastern OSHA Training Institute Education Center at NCSU.

Wendy has worked in the safety, health, and environmental profession for almost 20 years in various capacities, including as the safety and health manager for a biotechnical manufacturing company. Her experience includes managing the safety and health program, ensuring OSHA compliance and employee participation, managing occupational health services and workers' compensation, and various environmental responsibilities including risk management plans and toxic release inventory. She also has experience in achieving ISO 14001 certification. She is an authorized OSHA trainer for General Industry.

Wendy has a B.S. in industrial engineering from NC State University.

She currently serves on the executive committee of the OTI Education Center Director's community and the NIOSH NORA Manufacturing Sector Council. She served as president of the North Carolina chapter of the American Society of Safety Engineers for 2003-04, and served five years on the board of the Central Carolina Occupational Safety and Health School.
