

# Navy & Marine Corps Aviation "As-Is" Database & Modeling OVERLAY

## Database and Modeling Acronym List

ADCS	Automated Data Capture System	DECK-AIRRS	Aircraft Inventory Readiness Reporting System
ADRAM	Airframe Depot Readiness Assessment Model	DECK-ETR	Engine Transaction Reporting
AFAST	Aviation Financial Analyst Tool		Decision Knowledge Programming for Logistics Analysis and Technical
ALE	Automated Logistics Environment	<a href="#">DECKPLATE</a>	Evaluation
ALIS	F-35 Lightning II Automated Logistics Information System	DECK-TDRS	Technical Directives Reporting System
<a href="#">AMDB</a>	Aircraft Management Dashboard	DIBBS	DLA Internet Bid Board System
AMM	Aviation Maintenance Model	DIFMS	Defense Industrial Financial Management System
AMSAA	Army Material Analysis Activity (Reliability Modeling)	DoN FRM	Department of the Navy Fiscal Requirements Model
AMSRR	Aviation Management Supply and Readiness Reporting		Department of Research Review and Analysis Data Warehouse (Internal
APN-6 DST	APN-6 Decision Support Tool		DLA users only)
ARES	Aircraft Readiness, Excursions and Sustainment	DORRA DW	DLA users only)
	Aviation Readiness Requirements Oriented to Weapon Replaceable	DRRS	Defense Readiness Reporting System
ARROWs	Assemblies	DSS	Distribution Standard System (DLA)
ASD	Aircraft Status Dashboard	E-2D ALEGS	E-2D Automated Logistics Environment Ground Station
ASKARS	Automated Storage, Kitting, and Retrieval System	EASEworks	Workload Standards
ASM	Advanced Skills Management	EBS	Enterprise Business System
ASM	Aircraft Sustainability Model	ECATS	Electronic Cataloging
<a href="#">Asset Vis</a>	Asset Visibility	EDA	Electronic Document Access
ATICTS	Automated Tool Inventory Control and Tracking System	EDMS	EA6B Engineering Data Management System
AUTOSERD	Automated Support Equipment Recommendation Data	EDRAM	Engine Depot Readiness Assessment Model
AWR	Automated Work Order Release	EDW	Enterprise Data Warehouse (Internal DLA users only)
BDS	Big Data Storage	ELMS	Enhanced Library Management System
BOM	Bill Of Material Workbench	EMQ	Economic Movement Quantity
	Cartridge Actuated Devices and Propellant Actuated Devices Virtual	ENG-16	Engineering-16
CADPAD VFS	Fleet Support	ePAm	Enterprise Predictive Analytics Model
CAMEO	Collaborative Automated Maintenance Environment Optimized)	EPAMS	Enterprise Predictive Analytical Model
CASEE	Comprehensive Aircraft Support, Effectiveness Evaluation	eRMS	Electronic Retrograde Management System
CAST	Component Analysis & Status Tool	ESA	Engineering Support Activity (339 Records Management System-RMS)
CAV	Complete Asset Visibility	ESRS	Electronic Storage and Retrieval System
CAV-ORM	Commercial Asset Visibility - Organic Repairables Module	ETID	Disposition Services (Screen DRMO stocks)
Concerto	Project Management Tool	FAME	F-18 Automated Maintenance Environment
CRS	Corporate Reporting System	<a href="#">FedMall</a>	Replaced DoD Email
CVATS	Customer Viability Asset Tracking System	FHPS	Flight Hours Projection System.
DAAS	<a href="#">Defense Automated Addressing System</a>	FMT	File maintenance Tool
DARRT	Depot Analysis Recap Reset Tool	GDP	Gross Demand Plan
DCPS	Defense Civilian Pay System	GDP	Gross Demand Plan
DDE/CC	Demand Data Exchange/Customer Collaboration	HMMS	Hazardous Material Management System
		ICAPS	Interactive Computer Aided Provisioning System.
		IDATS	Integrated Diagnostics and Automated Test Systems

## Database and Modeling Acronym List

IGC	USTRANSCOM In transit Availability	NFSA	NAVAIR Fleet Systems Array
	Integrated Mechanical System-Health Usage Management	NOPS	NAVAIR Opus Pre-processor
IMD-HUMS	System	NST	Naval Synchronization Toolset
IPS	Industrial Production Support	<a href="#">One Touch</a>	NAVSUP consolidated database
IRAS	Inventory At Risk Alert Tool	OOMA	
<b>IRM</b>	Integrated Resource Model	NALCOMIS	Optimized Organizational Maintenance Activity
ISE	Integrated Support Environment	Open Plan	Project Management Tool
ITIMP	Integrated Technical Item Mangement and Procurement	<b>OPUS</b>	OPUS Suite
JCMIS	JOINT CONFIGURATION MANAGEMENT INFORMATION SYSTEM	<b>OSCAM</b>	Operating and Support Cost Analysis Model
JDA	Demand Planning Software	PCARSS	Plant Clearance Automated Reutilization Screening System
JDRS	Joint Discrepancy Reporting System	PMIC	Periodic Maintenance Information Card
<a href="#">JDRS</a>	Joint Discrepancy Reporting System	Project ID-X	Project Identification Cross Reference
JEDMICS	Joint Engineering Data Material Information Control system	PSA	Production Support Application
	Joint Engineering Data Management Information and Control	PSR	Production Status Reporting
<a href="#">JEDMICS</a>	System	QAWB	Quality Assurance Workbench
<b>JFAST</b>	Joint Flow and Analysis System for Transportation	<a href="#">R Supply</a>	Relational Supply
JTDI	Joint Technical Data Integration	RAMP	Resource Allocation Management Program
LDPS	Logistics Data Processing Suite	RBS	Readiness Based Sparing model
<b>LINK</b>	Logistics Information Network	SAME	F-18 Super Hornet Automated Maintenance Environment
	Logistics Information Technology & Maintenance Integration	<b>SCM</b>	Strategic Cost Management
LITMIS	Solution	SENVOL	DLA Additive Manufacturing (AM) part candidate tool
LOGCELL	NAVSUP consolidated database	SERMIS	Support Equipment Resources Management Information System
LPD	Logistics Product Data Database	SLES	Shelf-Life Extension System
MAL-EIT	Marine Aviation Logistics - Enterprise Information Technology	SMSP	Strategic Materials Sales Portal
Maximo	Facility & eqpt/tools/ASE		Simulation Package for the Evaluation by Computer Techniques of
MCE	Manufacturing Cost Estimate	<b>SPECTRUM</b>	Readiness, Utilization and Maintenance
MEASURE	Metrology Automated System for Uniform Recall and Reporting	<b>Sustainment</b>	
MOCAS	<a href="#">Mechanization of Contract Administration Services (MOCAS)</a>	<b>Harmonization</b>	Sustainment Harmonization
MPS&E	Maintenance Planning, Scheduling and Execution	TAA	Time And Attendance
MPT-IME	Material Productivity Tool-Item Master Extended	TMAPS	Technical Manual Application System
MPT-PRO	Material Productivity Tool Procurement	UCB	Universal Call Boards
MPT-STP	Material Productivity Tool Supply Transformation Program	<a href="#">Va</a>	Vector Aircraft
MTO/MRO	Make-To-Order/Maintenance Repair Overhaul	<a href="#">VAMOSC</a>	Navy Visibility and Management of Operating and Support Costs
<b>NAMSM</b>	Naval Aviation Maintenance and Supply Model	<a href="#">Vc</a>	Vector Component Analysis & Status
NATEC	NAVAIR Technical Data & Enginer		Aircraft / Wholesale Inventory / I-Level Maintenance / Retail Inventory /
NAVY ERP	Enterprise Resource Planning	<a href="#">Vector</a>	Organic D-Level / Aircraft
NDMS	NAVAIR Depot Maintenance System	WebFLIS	Federal Logistics Information Service
N-ERP	Navy Enterprise Resource Planning	WindChill	Windchill Product Lifecycle Management
		WMS	Workload Management System
